## PAVING RESOLUTION IS BEFORE COUNCIL

PROVIDES FOR PAVING OF TWO BLOCKS ON NORMAL AVENUE.

## EXPECT NO OPPOSITION

Council Also Passes Lighting Ordinance, Calling for Special City Election, Oct. 23.

A paving resolution, providing for the paving of two blocks on Normal avenue between Munn and Grand avenue, was introduced at a meeting of the city council held last night.

A similar resolution was passed several weeks ago, but remonstrances were filed and the proposed paving defeated. However, it is almost a certainty that the present resolution will go through without opposition.

The resolution provides for vitrified brick paving, with a 4-inch concrete base on a 1 inch sand cushion. The brick is to be finished with asphalt cement filler.

This resolution will be taken up at a meeting of the city council next week and if there are no objections, it will be passed.

H. H. Mutz appeared before the council and discussed the necessity for pavement on Fifth street between North Main and Market. A resolution to this effect will undoubtedly be introduced at the next city council meeting. The proposed paving would cost approximately $4,000, and the federal government would have to make an appropriation for its portion of the cost of this paving.

The council, last night passed the ordinance entering into a contract with the Maryville Electric Light and Power Co. on the 28th of September for the lighting of the streets and alleys of the city.

A social election will be held on October 23 to ratify and confirm this contract.

The term of the contract is five years, beginning one day following the day the same is ratified by a two-thirds vote of the qualified voters of Maryville.

The prices given correspond to the rates that are now being paid the Maryville Electric Light and Power Co.

## 17 ARE KILLED AT COUNCIL BLUFFS

IN A TORNADO THAT STRUCK THERE LAST NIGHT.

## CLOUDBURST IN OMAHA

Believed to Be the Worst "Street Flood" in City's History—Much Hail Falls.

Omaha, Nebr., Sept. 29.—Seventeen persons known to be dead and the property damage running into thousands of dollars are the toll of violent storms accompanied by cloudbursts and floods in three Middle Western states.

In several localities the storms are still raging.

Omaha, Neb., Sept. 29—Seven persons are known to be dead and several others are missing in a tornado which struck Council Bluffs early last night. While flood damage was heavy in Omaha, that caused by the wind and water in the Iowa city was believed to be even greater.

A stockman, unidentified, was killed in a caboose of a freight train. The caboose was demolished.

Goldie, 12, and her father, Ed Collier, 53, who occupied a switch shanty at the east end of the Wabash switch, Twenty-first street and Third avenue, were badly injured when the shanty was demolished. They were taken to Jennie Edmundson hospital.

Two other children picked up near the Rock Island depot were taken to Jennie Edmundson hospital to be treated for injuries.

The bodies of a mother and her three children were found dead in the street at Nineteenth and Tostivan streets about 10 o'clock. They apparently had been killed by a falling tree. The woman was Mrs. Kelster Her children, all boys, ranged in ages from 3 to 9 years. H. James, a neighbor boy, found them. The father has not ben located. Clarence Dalton of the same neighborhood, is reported missing.

One man is reported killed at the Wabash round house and three injured at the Rock Island round house. Both buildings were partly wrecked.

One man is belived to have been killed when he fell into a manhole at Sixth and Broadway. He was seen to disappear. Nothing more was seen of him.

A virtual cloudburst descended upon Omaha at 7 o'clock last night, the deluge continuing until after 10 p. m., causing what is believed to have been the worst "street flood" in the city's history. Great hail stones accompanied the downpour which was also marked by violent electrical display. While nothing like an accurate estimate of the damage could be reached early today, the storm, in the light of past experience, will result in many thousands of dollars.

Streets were torn up by the rushing current, houses and business establishments were flooded, street car traffic was demoralized and hundreds of automobiles, caught in the deluge, were stalled body-deep in water for hours. As it was impossible to start the engines after the waters had receded, most of the cars remained in the streets all night.

Water ran a foot deep in the downtown streets. All fire companies rushed throughout the night to district after district, where calls for aid came from excited and in some instances terrified residents. Many families were forced to the second floors of their homes as the waters rushed in.

Thousands of theater patrons were driven into the streets when water began entering the buildings. The Ringling Brothers circus abandoned its performance. Lights were out in many sections of town.

## COURT PUTS IT UP TO ELECTION BOARD

DENIES MANDAMUS WRIT TO PUT PETITION ON BALLOT

## HAS NO JURISDICTION

Oklahoma Supreme Court Says Matter Of Deciding On Waltonism Is Up To State Board

Oklahoma City, Okla., Sept. 29—The state Supreme Court today denied a writ of mandamus filed by Campbell Russell, former corporation commissioner, asking that the court direct the state election board to perform all action necessary to get the initiative petition No. 79 placed on the ballot in Tuesday's election.

By this decision, the state Supreme Court put the matter of whether the people will vote on Waltonism up to the election officials.

Immediately afterward, W. C. McAlister, secretary of the election board, said, "Now I do not know where I stand."

The Supreme Court, in handing down the decision, declared that it had no jurisdiction. The decision still left undecided whether the petition will go on the ballot, the court declaring that this matter was up to the state election board.

### MARYVILLE 7, PERU 14, END OF GAME.

BULLETIN.

FINAL—Peru, 14; Maryville, 7.

The Bearcats were within one foot of the goal line when the final whistle blew.

End Of First Half

Maryville—0
Peru—7

Peru, Neb., Sept. 29—By a short forward pass in the last few minutes of the first half, a Peru man got away to a twenty-yard run and raced across the goal line for a touchdown. Goal was kicked. Score, Maryville, 0; Peru, 7, end of first half.

A number of Maryville persons are attending the game.

Both teams are fighting hard.

At 2:30 o'clock this afternoon referee Cochrane of Kansas City blew his whistle and the Bear Cats awaited the kick-off. For the first time this year the Bear Cats were turned loose by Coach Lawrence and Peru will have to suffer.

Victory will be double sweet to the S. T. C. as last year Peru invaded the kennels of the Bear Cats and after an exciting game nosed out in the last five minutes of play an 8 to 0 victory. This year a new team faces the Nebraska squad and if they show the kind of football they have displayed in scrimmage on the local gridiron the pig skin will rest in the Maryville trophy case as a sign of victory.

Eldon Dow, Floyd Cook, President Uel Lamkin and H. L. Raines left Maryville this morning with their cars filled with Maryville rooters. The reserve squad also started in the College bus to the scene of the battle.

Next week Maryville will be favored by a home game with Missouri Wesleyan, Friday October 5. Last year Maryville took the short end of a 19 to 7 game. The game was not without its thrills and for a time Maryville was ahead.

This game alone will be worth the price of a season ticket.

LARGEST CIRCULATION IN NODAWAY COUNTY

### FIFTY YEARS AGO.

(Items Taken from the Nodaway Democrat of September 25, 1873.)

On Friday last we paid a brief visit to Kansas City, to see the great exposition. We found the city well built, alive and enterprising with every appearance of abundant prosperity. The exposition was a most complete success, well represented in all its departments, and crowded by a throng of perhaps 20,000 people.

At the hour we go to press there is no chance to get anything like a correct report of the awards of premiums at the fair. The attendance opens well, and promises a most complete success, especially as the entries have been numerous and of a very superior class.

On Tuesday night, about 10 o'clock, a roan mare was stolen from the stable of P. C. O'Reily, and, at the same time a saddle was taken from a mule belonging to Jake Allen, hitched to the southeast corner of the square. The mare was the property of Mr. Roberts living near Lamar's station.

Tanks and Airplanes Can Be Heard In Munich, As Watch Is Kept For Disturbances

Munich, Sept. 29—Re-enforcements of federal troops are pouring into Bavaria today to suppress disorders and to maintain the authority of the federal diciator.

During the night, the clatter of tanks could be heard in Munich as they rumbled through the streets.

After daybreak, airplanes began to drone over the city watching for any possible concentration of the revolutionists.

Troops are guarding the government buildings.

Munich, Sept. 29.—The Bavarian dictator Von Kahr defied the Berlin dictator Otto Gessler by refusing to suppress the official newspaper of the Hitlerites. The Berlin government had demanded earlier that the paper be suspended.

# STORM INSURANCE

A day, or even an hour, may bring untold damage to your property, so why not play safe and take out a policy to cover such a happening.

Every day we see accounts in the papers of how a windstorm has caused damage running into the thousands of dollars, and you cannot afford to carry this risk yourself when you can get full protection for such a small sum.

Come in and talk it over when in town taking in the Fall Fiesta.

# *A Farm for a Photo*

You have heard folks say that they wouldn't take a farm for this or that picture, haven't you?

We hear it in the studio quite often and it merely goes to prove our contention that a really good portrait is worth more than money. It is a treasure beyond price.

MARCELL PHOTOS are sold on that basis. A good picture is worth all it costs and an unsatisfactory one never goes out of the studio, if we know it.

Fine PORTRAITURE is made only by the combined effort of both customer and operator. Call and let us show you the difference between a mere photograph and a real PORTRAIT.

Tomorrow never comes. Today is the time to have your picture made. Your friends and relatives will be thankful the rest of their lives.

Fall Fiesta visitors will find a welcome at our Studio.

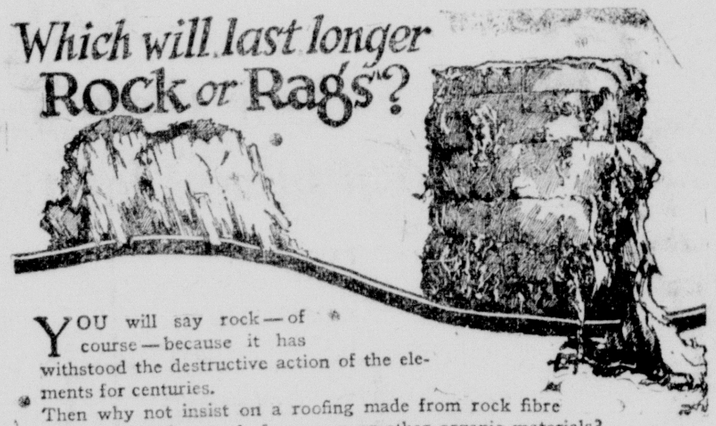
## Which will last longer Rock or Rags?



YOU will say rock—of course—because it has withstood the destructive action of the elements for centuries.

Then why not insist on a roofing made from rock fibre instead of roofing made from rags or other organic materials? Asbestos is a rock fibre—the only known mineral fibre from which roofing can be made. It will permanently resist the destructive action of time, fire and the elements.

**FLEXSTONE**

*(Approved by Underwriters' Laboratories, Inc.)*

Flexstone is a Johns-Manville roofing made of Asbestos rock fibre waterproofed with natural asphalts. Due to enormous factory production it costs you practically the same as the heavier rag-felt roofings, yet it possesses none of their limitations. Unlike them it resists fire and the action of fumes, acids and varying weather conditions.

Furnished in rolls—smooth both sides or with a surfacing of red, green or blue-black crushed slate, or feldspar. Also in the form of individual or strip shingles.

**ECONOMICAL — PERMANENT**

Being all mineral Flexstone cannot rot, disintegrate or dry out, therefore the first cost is the last cost. Easy to lay and furnished in rolls which contain all necessary fasteners.

Do not buy roofing for a week, or a month, or a year. Buy it to last as long as the building stands. Insist on Flexstone.

## Next Week At the Movies

### AT THE ELECTRIC

On Monday the serial "The Timber Queen" is featured.

Tuesday and Wednesday at the Electric "The Midnight Alarm" is featured. This is a story of a fight to keep two crooks from stealing an orphan fortune. The crooks are finally trapped in a fire which is started when they try to steal the documents concerning the fortune. The money is at last placed in the right hands. The girl orphan, played by Alice Calhoun, was rescued from the fire in a thrilling scene by an old time suitor and all things are straightened out and peace is found again.

"The Bishop of the Ozarks" is a stirring picture with the plot laid in our own state. The question of can a leopard change spots is settled by a bishop who rose to his power from a criminal prisoner. The bishop finally rescues his own daughter from a vice den, the girl being under the influence of a doctor who exerted mysterious powers. Former Congressman, Milford W. Howard plays the leading role.

Lois Weber's great American drama of pride and sacrifice will be shown at the Electric Friday. The story of the blot depicts the poverty inflicted by the American people upon the school teachers and the clergymen of the country. This according to the picture is the greatest blot on American history.

"The Six Fifty" will show at the Electric Saturday.

Dan Taylor, a struggling farmer, and his young wife are happy desnite their hardships of farm life the first two years. Dan is satisfied; seeks nothing better; Hester becomes restless and longs for the city she has heard of. At this juncture a railroad accident throws Mark Rutherford and Christine Palmer, social butterflies, into their lives. They aid the two with others on the train, during the mishap, and Hester is invited to New York to visit. Here she and Rutherford are thrown much together. In the meantime Christine, attracted by the young farmer, comes to the village to be near him. Taylor sees in her visit to the city a danger of losing his wife; he wakes up and, inspired by Christine's talk of business men, builds a creamery and launches himself as a power in the community. Hester, in the meantime, is confronted with Rutheford as a lover. She leaves New York and returns to her husband, willing to share his hardship again for love, to find that he has conquered himself and the hardships have vanished.

### Empire Theatre.

On Monday and Tuesday evening at the Empire the First National attraction, "Nobody" will be shown. This is a thrilling picture of a typical love affair that starts in the East. A man has been murdered and the picture takes you into the secrets that were disclosed in the trial and also the scene in the juryroom where the die is cast. A woman starts to murder the man. When she reaches the home and hides behind the door she hears a man call for police head-quarters and soon after she is found in a trance. The entire story is disclosed in the trial with an additional mystery.

On Wednesday and Thursday night Bebe Daniels and Nita Naldi appear in "The Glimpse of the Moon." In this picture some very startling questions are brought before the minds of the audience. Is marriage on trial, is modern love a farce as well as a powerful love setting between a rich society lady and a poor struggling novelist are portrayed. The two are eventually united but not without some very trying experiences.

Mary Miles Minter in the old story, "The Trail of the Lonesome Pine" plays at the Empire Friday and Saturday nights. Antonio Moreno supports Miss Minter in the picture. The picture is laid in the heart of the mountain district in Kentucky. The feud is to make plans to kill Hale, a member of the rival faction. The girl rides on horse-back to Hale's cabin in time to warn him of the coming danger. Soon after the feud is called off and the story, of course, ends in a happy fashion.

# MOB VIOLATORS IN OKLA. DISAPPEAR

MYSTERIOUSLY BEFORE THE EVE OF THEIR TRIAL.

## SPECIAL INVESTIGATION

R. R. Stevens Says Several of Victims Had Vanished Following Receipt of Warning Message.

Tulsa, Okla., Sept. 29—Mysterious disappearance of the victims of mob violence on the eve of the trial of the persons accused of assaulting them, was under investigation here today by R. R. Stevens, special investigator from Governor Walton's office.

Stevens declared that several of the victims had vanished following the receipt of a warning message.

Jack Hyde and Morris Evans were to have been arraigned Tuesday, Stevens said, of having been members of a mob which, last May, fired volleys of bullets into the homes of Leonard and Floyd Cook, brothers living near Tulsa. They were called to the doors of the homes and warned to leave the county.

The following day, Mrs. Leonard Cook became a mother. The child lived but a few hours. Both of the families have disappeared within the last few days. They did not inform their relatives of their intended destination.

One morning last week a note was found near the window of the Cook home which read, "You Cook boys had better vacate at once."

A day or two later, a second note was found near the same place which read, "We have been here; you had better leave." Both notes were signed "The Gang."

Because of the disappearance of the witnesses, assistant attorney general King has been forced to dismiss the cases against the accused men.

## Soldiers' Re-union Day
## October 5

The Fall Fiesta and Exposition will be fittingly closed the last day with a soldiers' re-union. There will be action for the ex-service men and their friends from reveille at 6:15 a. m. to call to quarters ending the day at 11 p. m. Activities during the day will include a military flag raising, mess for all ex-service men and soldiers, a big military parade, all Legions of the surrounding territory having been invited; a football game at the College; a sham battle and fireworks at the College at 7 o'clock followed by a Mardi Gras and grand outdoor ball downtown.

The day is to be crowded full of events and activities for the soldiers and for everyone. All Legionnaires, Veterans of Foreign Wars and other ex-service men and their friends are invited to this get-together day. As many as can should wear their uniforms.

## FREE ACTS---

Final arrangements have just been for several celebrities to appear in person. ANDY GUMP, Internationally known wizard, more renowned because of his latest invention of the "2 in 1" combination mirror and hair brush, will be here in person. He is also bringing "MIN" AND CHESTER along to see the fun at the Fall Fiesta. WALT AND SKEEZIX, who made Gasoline Alley famous, are now motoring back east and will stop over to take in the Fiesta. There will be a set of EDUCATED MONKEYS direct from South Africa to entertain the children and some EDUCATED HORSES. THE FLYING LARAZOLAS will be a headliner free attraction, in a sensational equilibristic balancing novelty with many surprises. They are the only company in America today looping the loop over a 30-ft. trapese. They will also give comedy acrobatic tumbling acts. Two different acts twice daily. THE BLACKSTONE QUARTET, of colored jubilee singers, par-excellent, who have been playing fairs and chautauquas in the West, will entertain the crowds intermittently throughout the three days. There will be two bands and other acts to be announced later.

## SIDE SHOWS---

Reservations for space have been made for a large number of high-class side shows, which will be showing all the time. These will include: STREETS OF CAIRO, an oriental attraction with snake charmers, mesmerists, a harem tent, dances, perfume and incense girls and the like. # Radiola Grand

With the Radiola Grand, radio takes on new meaning. The simplicity of tuning in—just a knob or two to turn. The distance it covers—picking up far-away stations with volume enough to fill a room. The perfection of tone which the loudspeaker—built in like the horn of a fine phonograph—gives. All this—combined in a cabinet of skillful workmanship and tasteful design—places Radio in the home where performance and beauty count.

**Points To Note:**

All the batteries—dry cells—are hidden away inside.

You can regulate the volume of sound by a control that governs the loud-speaker.

For long distance, plug in the head-phones. Coast to coast reception is no unusual record for Radiola Grand!

### Piece by Piece Living Room Grows

In the days when things had to match, it was quite necessary to furnish the entire living room at one time. But now, when such harmonious effects may be obtained by the judicious assembling of odd pieces, we buy them piece by piece. The result is, we buy better furniture and our homes are more individual and more artistic.

You will find a lot of new and pretty furniture in our Living Room display which will be very interesting. New Chairs; Comfortable Davenports; brilliant Lamps; useful Tables, both large and small, everything that will add comfort and pleasure to your Living Room.

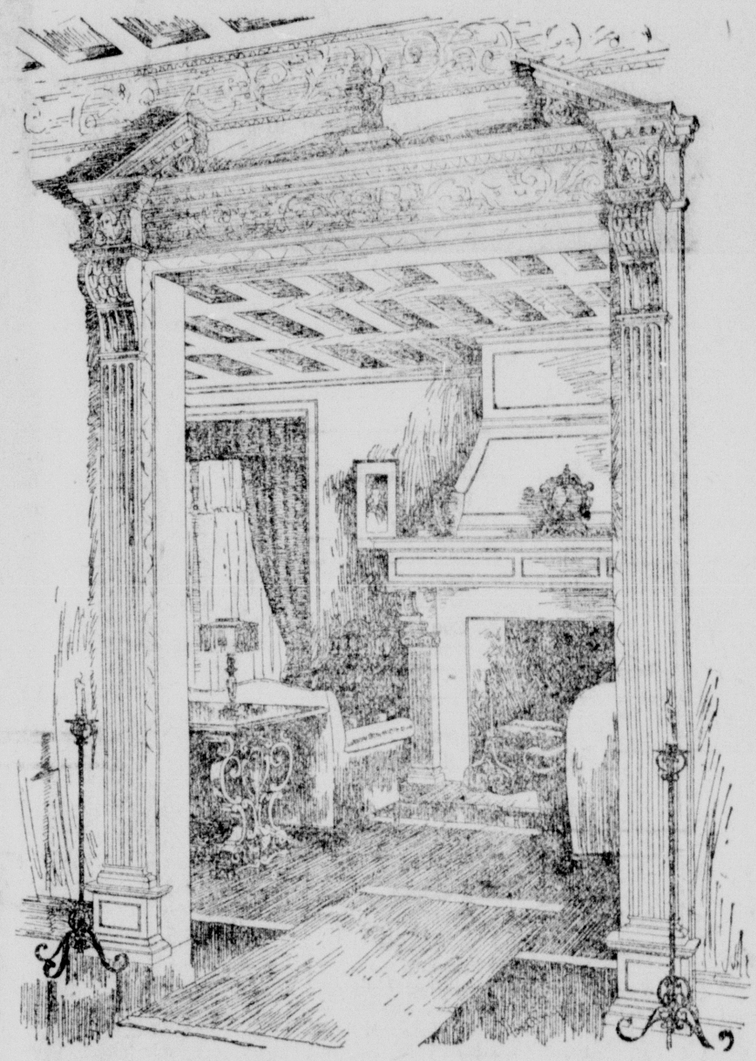
### NEW BEDROOM DISPLAY IS LIKE A DREAM

What pretty thoughts must have inspired the designers to create such lovely Bedroom Furniture. And how well they knew what would please the feminine fancy. Every suite offers an opportunity for individuality and distinction.

Dining Room Exhibit is Most Attractive. Beautiful suites in the popular period styles. Suites in lovely walnut in the waxed and two tone finishes.

### RUGS AND DRAPERIES Aglow With Colors.

Rugs and Draperies in the newest designs and colors will please the eye and will offer many suggestions for carrying out unusual color schemes. Now purchases in this section make a visit here now particularly interesting.



Not many of us can remember the home of Mid-Victorian formality. If we could, we would recall formal, almost forbidding drawing rooms with stiff looking furniture overly decorated.

Today, that formal drawing room has transformed itself into a Living Room that breathes cheer and comfort.

Formality and ornateness have been replaced by simplicity, richness and comfort in the modern home. And it is furniture of this description, of dependable quality, that we are offering you today at the most reasonable prices possible.

Co-operating with National Homes Beautiful Week, we have arranged a series of room displays in our store that we are very anxious for you to see.

You will find these displays most complete as far as furniture, rugs and draperies are concerned.

### $100.00 Worth of Merchandise FREE

Every adult lady visiting these displays during the week October 1st to 6th will receive a numbered ticket. On Saturday night we will conduct a drawing using duplicates of the tickets given out during the week, in which we will give away three prizes.

First prize, a Hoosier Kitchen Cabinet, Value $68.50. The most perfect cabinet that can be put in a kitchen.

Second prize, a Rome DeLuxe Bed Spring, which will provide for a lifetime, the utmost in sleeping comfort. Value $19.50.

Third Prize, an Oak Rocker with genuine leather seat. Value $12.00.

### REMEMBER

The numbers are free. You do not have to make a purchase to get a number, just come and ask for it.
